You are invited to our annual **Real Coaching Success Workshop**. This will be our 7th time to gather coaches together to encourage, challenge, and equip one another. Participants will have the opportunity to experience professional presentations in a variety of formats including big group, break out sessions, interviews, small groups, and rapid fire presentations. Whether you are a veteran coach or just in the beginning stages make plans today to be a part of this great event.

You will receive training on 3 primary topics: **Coaching Mindset**, **Coaching Skills & Tools**, and **Coaching Business**. Check out the schedule for more details on the topics.

This 2 day event is designed to promote maximum collaboration and discussion. We want to learn from each other. We are not interested in teaching you “our way of coaching” but rather we will show you how to put together and continually improve “your way” of coaching others. This is an equipping experience where your style, your passions, your opportunities are all factored in to help you become the very best coach you can be.
